EURACK

Eurack is a high-quality rack solution, designed exclusively by Euromet, which guarantees maximum quality both in installation and in use.

Eurack is completely accessible from all sides for easy inspection, providing a clean, elegant and secure operational environment.

Its modularity makes it extremely flexible and scalable for all types of applications: ICT, telecommunications, broadcasting, AV, etc. Carefully manufactured with precision, Eurack is the fruit of Euromet's "italian genius" and attention to detail.

SPECIAL MOUNTING-SUPPORT ACCESSORY

The easily-hooked mounting support accessory, facilitates the practical installation of heavier components.

QUICK-RELEASE MECHANISM FOR FRONT PANEL

A fast, convenient quick-release latch option for door removal from the inside without the necessity of tools.

SECURITY

Eurack is completely secure due to the door's locking mechanism and flush alignment... once closed, it discourages any type of tampering.

EASY-OPENING SIDE PANEL

Maximum inspection capabilities on all sides due to the quick-access latches, guaranteeing optimal component installation.

EN54-16

Eurack is available in a version compliant with EN 54-16 and voice evacuation systems requirements.
