

19" CONTROL PANELS

POWER DEVICE a rack 19" modular panel system apt to power distribution for audio & video installation, studio recording, musical entertainment and every where the strength and safety recognition are required. The panel modules comply with IEC-CEE regulations in according to European instructions about CE electro-magnetic compatibility. All the **DEVICE** panels are **CE** marked to enable their use over the European market a long with the required conformity.

3 x 63Amp

RKP63PRT3

Assembled list:

- n.1 Five Units rack panel steel 1,5 mm (482x220mm) scratch proof epoxy black painted
- n.3 switches 63A-4 pole magneto-thermal/earth leakage circuit breakers(0,03A) DIN rail mounted
- n.3 industrial straight sockets 63A three- phase P+N+T
- n.9 green warning lamps(out)

3 x 32Amp

RKP32PRT3

Assembled list:

- n.1 Five Units rack panel steel 1,5 mm (482x220 mm) scratch-proof epoxy black painted
- n.3 switches 32A-4 pole magneto-thermal/earth leakage circuit breakers(0,03A) DIN rail mounted
- n.3 industrial straight sockets 32A three-phase (3P+N+E)
- n.9 green warning lamps(out)
- Fire-proof 6mm² internal wired and set of service clamps rear-mounted on DIN rail.

63Amp

RKP63SPT

Assembled list:

- n. 1 Three Units rack panel steel 1,5 mm (482x132 m) scratch-proof epoxy black painted
- n. 1 switch 63A-4 pole magneto-thermal/earth leakage circuit breakers(0,03A) DIN rail mounted
- n. 1 industrial straight plug 63A three-phase (3P+N+E)
- n. 3 green warning lamps(out)
- n. 3 red warning lamps(in)
- Fire-proof 10mm² internal wired and set of service clamps rear-mounted on DIN rail.

32Amp

RKP32SPT

Assembled list:

- n. 1 Three Units rack panel steel 1,5 mm (482x132mm) scratch-proof epoxy black painted
- n. 1 switch 32A-4 pole magneto-thermal/earth leakage circuit breakers(0,03A) DIN rail mounted
- n. 1 industrial 90 degree plug 32A three-phase (3P+N+E)
- n. 3 green warning lamps(out)
- n. 3 red warning lamps(in)
- Fire-proof 6mm² internal wired and set of service clamps rear-mounted on DIN rail.

125Amp

RKP125SPT

Assembled list:

- n° 1 Four Units rack panel steel 1,5 mm (482 x 176 mm) scratch-proof epoxy black painted.
- n. 1 switch 125A- 4 pole
- n. 1 industrial straight plug 125A three-phase (3P+N+E)
- n. 3 green warning lamps(out)
- n. 3 red warning lamps(in)

125Amp

RKP125SP5

Assembled list:

- n° 1 Four Units rack panel steel 1,5 mm (482 x 176 mm) scratch-proof epoxy black painted.
- n° 1 industrial panel straight plug 125A 3P+N+E
- n. 3 red warning lamps(out)

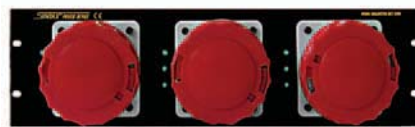

19" CONTROL PANELS

3 x 32Amp **RKP32PR3**

- Assembled list:
- n. 1 Three Units rack panel steel 1,5 mm (482x132 mm) scratch-proof epoxy black painted
 - n. 3 switches 32A-2 pole magneto-thermal DIN rail mounted
 - n. 3 industrial straight sockets 32A single-phase (2P+E)
 - n. 3 green warning lamps(out)
 - Fire-proof 6mm² internal wired and set of service clamps rear-mounted on DIN rail.

3 x 63Amp **RKP63PR3TU3**

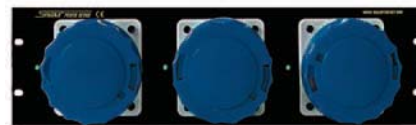

- Assembled list:
- n° 1 Three Units rack panel steel 1,5 mm (482 x 176 mm) scratch-proof epoxy black painted.
 - n° 3 industrial straight sockets 63A single-phase (3P+N+E)
 - n° 9 green warning lamps(out)

63Amp **RKP63SP5**

- Assembled list:
- n° 1 Four Units rack panel steel 1,5 mm (482x132 mm) scratch-proof epoxy black painted.
 - n° 1 industrial panel straight plug 63A 3P+N+E
 - n. 3 red warning lamps(out)

3 x 63Amp **RKP63PR3U3**

- Assembled list:
- n° 1 Three Units rack panel steel 1,5 mm (482 x 176 mm) scratch-proof epoxy black painted.
 - n° 3 industrial straight sockets 63A single-phase 2P+T
 - n° 3 green warning lamps(out)

3 x 32Amp **RKP32PRM3S**

- Assembled list:
- n.1 Five Units rack panel steel 1,5 mm (482x220 mm) scratch-proof epoxy black painted
 - n.3 switches 32A-2 pole magneto-thermal earth leakage circuit breakers(0,03A) DIN rail mounted
 - n.3 industrial straight sockets 32A single-phase (2P+E)
 - n.3 ampermetre to monitoring the absorption on the individual lines
 - n.3 green warning lamps(out)
 - Fire-proof 6mm² internal wired and set of service clamps rear-mounted on DIN rail

32Amp **RKP32SPM**

- Assembled list:
- n. 1 Three Units rack panel steel 1,5 mm (482x132 mm) scratch-proof epoxy black painted
 - n. 1 switch 32A-2 pole magneto-thermal/earth leakage circuit breakers(0,03A) DIN rail mounted
 - n. 1 industrial 90 degree plug 32A single-phase (2P+E)
 - n. 1 green warning lamp(out)
 - n. 1 red warning lamp(in)
 - Fire-proof 6mm² internal wired and set of service clamps rear-mounted on DIN rail.

3 x 16Amp **RKP16PR3**

- Assembled list:
- n° 1 Three Units rack panel steel 1,5 mm (482x132 mm) scratch-proof epoxy black painted.
 - n° 3 switches 16A 1P+N DIN rail mounted.
 - n° 3 industrial straight sockets 16A 2P+E.
 - n° 3 green warning lamps(out).
 - Fire-proof 6 mm² internal wired and set of service clamps DIN rail mounted.

4 x 16Amp **RKP16PR4**

- Assembled list:
- n. 1 Three Units rack panel steel 1,5 mm (482x132 mm) scratch-proof epoxy black painted
 - n. 4 switches 16A-2 pole magneto-thermal DIN rail mounted
 - n. 4 industrial straight sockets 16A single-phase (2P+E)
 - n. 4 green warning lamps(out)
 - Fire-proof 2.5mm² internal wired and set of service clamps rear-mounted on DIN rail.

19" CONTROL PANELS

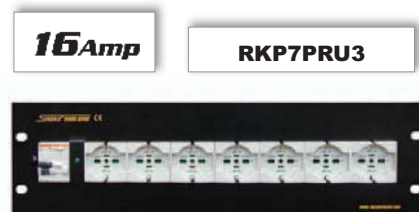

- Assembled list:
- n° 1 Two Units rack panel steel 1,5 mm (482x132 mm) scratch-proof epoxy black painted
 - n. 6 industrial straight sockets 16A single-phase (2P+E)
 - n. 6 green warning lamps(out)

- Assembled list:
- n° 1 Three Units rack panel steel 1,5 mm (482x132 mm) scratch-proof epoxy black painted
 - n. 6 industrial straight sockets 16A single-phase (2P+E)
 - n. 6 green warning lamps(out)

- Assembled list:
- n. 1 Two Units rack panel steel 1,5 mm (482x132mm) scratch-proof epoxy black painted
 - n. 1 switch 16A-2 pole magneto-thermal/earth leakage circuit breakers(0,03A) DIN rail mounted
 - n. 7 schuko universal sockets 16A DIN rail mounted
 - n. 1 green warning lamp(out)
 - Fire-proof 2.5mm² internal wired and set of service clamps rear-mounted on DIN rail.

- Assembled list:
- n. 1 Three Units rack panel steel 1,5 mm (482x132mm) scratch-proof epoxy black painted
 - n. 1 switch 16A-2 pole magneto-thermal/earth leakage circuit breakers(0,03A) DIN rail mounted
 - n. 7 schuko universal sockets 16A DIN rail mounted
 - n. 1 green warning lamp(out)
 - Fire-proof 2.5mm² internal wired and set of service clamps rear-mounted on DIN rail.

- Assembled list:
- n. 1 Two Units rack panel steel 1,5 mm (482x132mm) scratch proof epoxy black painted
 - n. 8 schuko universal sockets 16A DIN rail mounted

- Assembled list:
- n° 1 Two Units rack panel steel 20/10 (482x88 mm) scratch-proof epoxy black painted.
 - n° 5 connectors 400A drain POWERSYNTAX
 - Colour identification code (EUROPE, U.K., AUSTRALIA)

- Assembled list:
- n° 1 Two Units rack panel steel 20/10 (482x88 mm) scratch-proof epoxy black painted.
 - n° 5 connectors 400 or 750 A source POWERSYNTAX
 - Colour identification code (EUROPE, U.K., AUSTRALIA)

- Assembled list:
- n° 1 Two Units rack panel steel 20/10 (482x88 mm) scratch-proof epoxy black painted.
 - n° 5 Touch proof panel drain 400 or 750 A
 - Colour identification code (EUROPE, U.K., AUSTRALIA)
